

How to Access your New AA Georgia Mailbox.

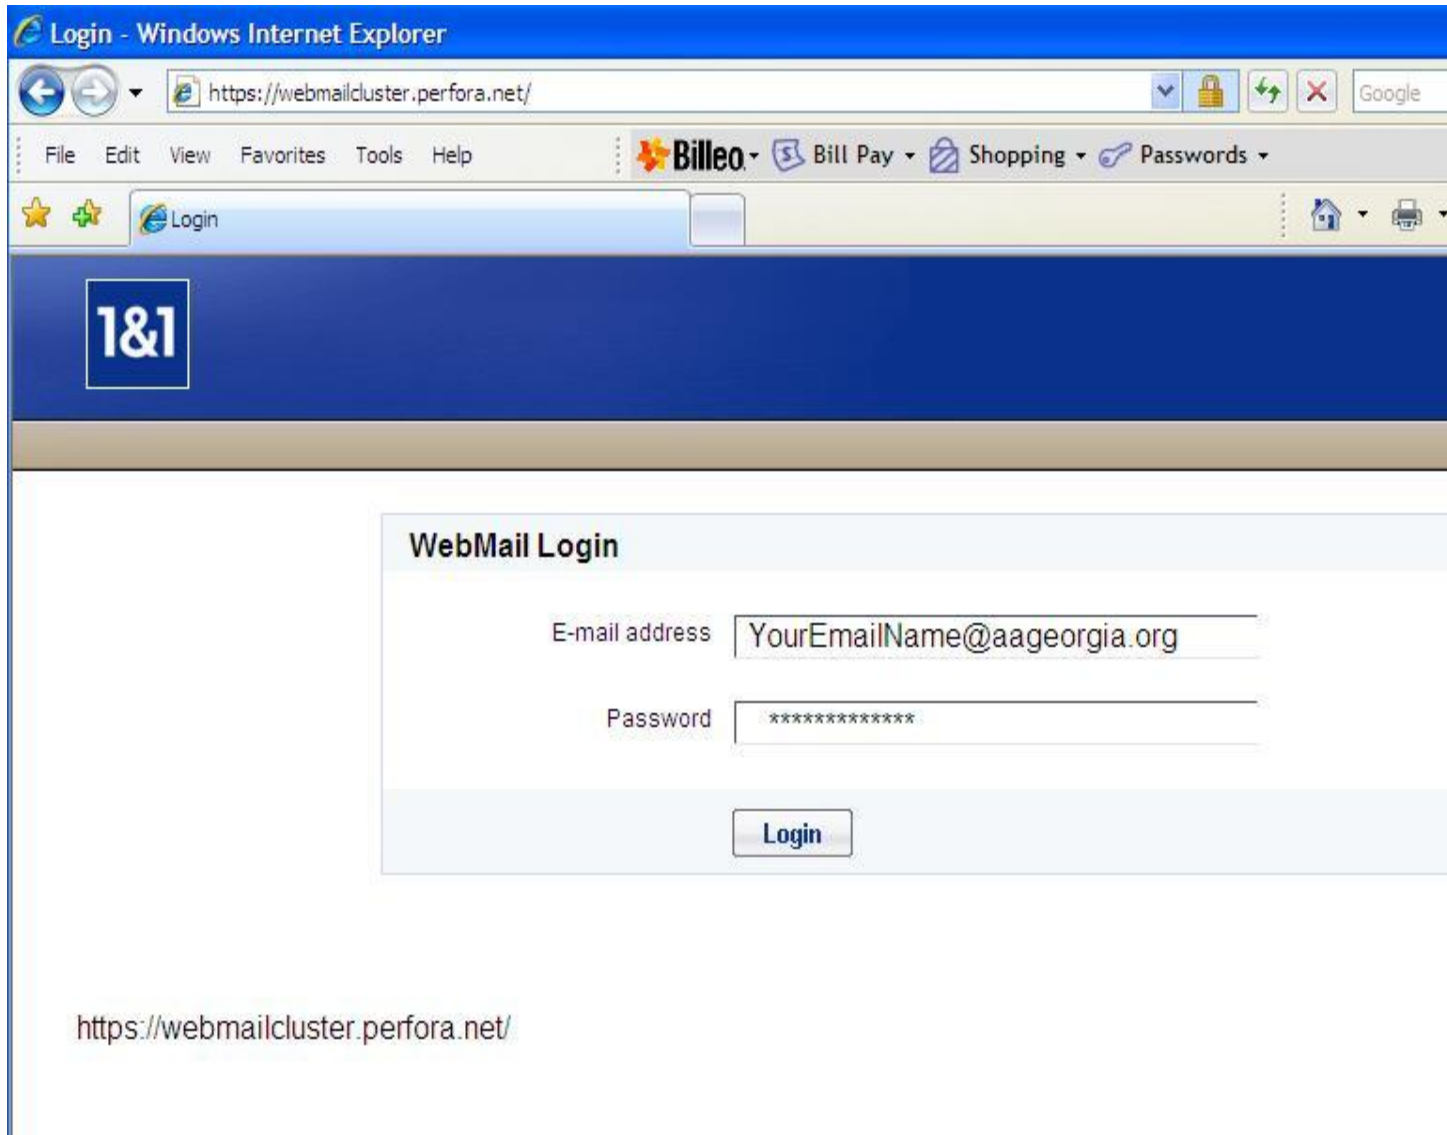

Step One

[WebMail Login](#)

Directly log in to read and organize your e-mail inbox from any computer.

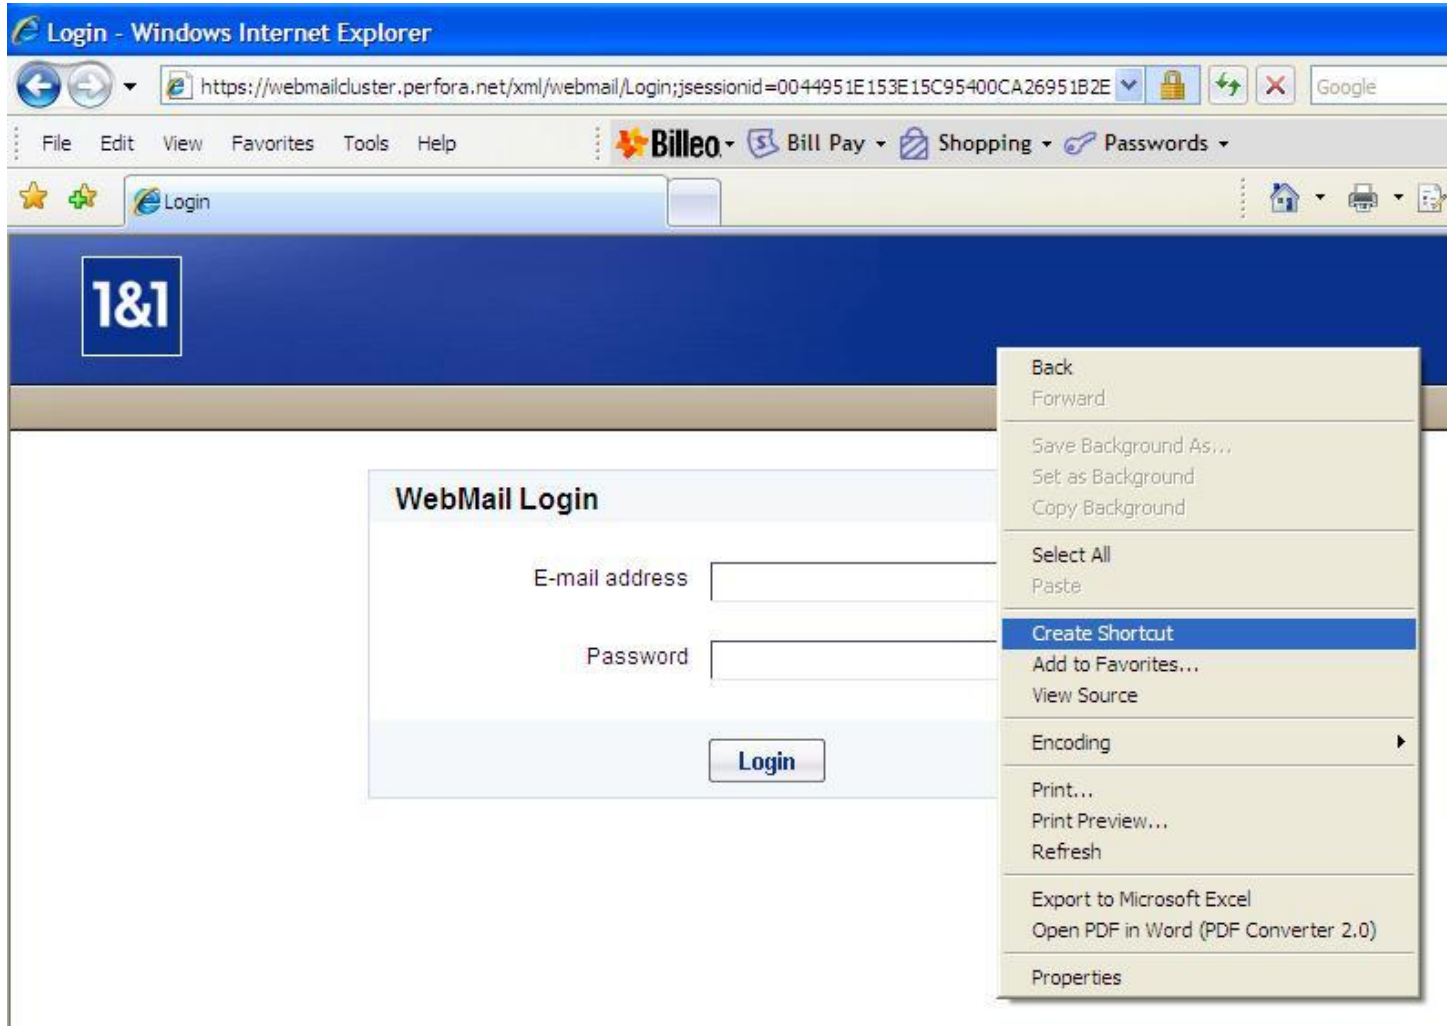

Go to <https://webmailcluster.perfora.net/>

Step Two

Now you should end up with a blank page like before. Before you go any further, Please Right Click on the right blank side and **Create Shortcut** to be

placed on your desktop for later use. See example below what it will look like

Step Three

Now you should end up with an **Icon Shortcut** that you can use from now on. See example below what it will look like or you can copy this one and place a hyperlink to the <https://webmailcluster.perfora.net/>

[WebMail Login](#)

Directly login to read and organize your e-mail inbox from any computer.

Password

Once logged in, you do have the option to change your password, (Suggest Usual Password)

You should know your assigned password. If not, let the webmaster know and he can reset until you get logged on and you can change your password under

Options - Mailbox

Remember you can change your password to a safe password. If you forget your password, the webmaster can give you a temporary password

[Setting up e-mail clients \(Outlook, Mac OS X Mail, Thunderbird, etc.\)](#)
