May-93	Gay O., State Office Committee Chairperson and newly election Southeastern Regional Trustee gave an update on the upcoming election procedure for Delegate and alt. Delegate. On April 13 a letter was sent from the State Office that Bo W., past Delegate would not be able to complete the duties of Georgia State Delegate and alt. Delegate Randy S. would assume those responsibilities for the remainder of 1993. The office committee has drawn from the experiences of Trustees, personnel of GSO, A.A. Manual, and the Ga. A.A. Manual for the following guidelines (1) we would not elect an alt. Delegate for the reminder of 1993 (in case something should happen in 1993, the State Chairperson would act as Delegate) (2) that Randy can stand for election of Delegate and alt. Delegate. If Randy is not elected to that position, he would automatically rotate to the State					

	Chairperson as the natural rotation as the present Delegate; if he is elected Delegate or alt. Delegate then the State Chairperson for 1994-95 would be elected from able and willing past Delegates. Sept-19	Motion: I make a motion that the GSSA create the position of “Armed Forces and Veterans Chairperson”. The requirements for this position be created similar to the requirements for the other committee chair-people found on pages 25-26 of the Georgia State Service Manual.	Manual Change 2 nd Assembly	Ernie M Chairperson	Michaela M, DCM 13A Ad-Hoc Committee Chair	We recommend: The targeted assistance for military and veterans falls within PICPC. While we do agree that assistance for active military and veterans requires a specific focus, we feel that focus falls in line with the current PICPC Committee responsibilities. We further recommend that the PICPC committee create a subcommittee specifically for military and veteran affairs.	Voting in January

Then, the DCMs, who have budgetary authority in Area 16, can vote to approve or amend the budget for 2021. We believe that all of these changes are possible if Group Contributions continue at the current rate. And, if Group Contributions remain at or above budget projections, Cluster Forums could remain at 8 per year for the foreseeable future.	174 yes 16 no Motion tabled until May Assembly

Because of the confusion around the motion passed in September 2003 and reaffirmed in January 2004, we believe the Office Committee needs to further investigate and clarify whether the Assembly should be operating under a two-year moratorium of previously defeated motions. Finally, one option we could consider: The General Service Conference has a procedure called a Motion to Decline to Consider a motion which, if implemented at the Assembly, would provide the Assembly with a way to not consider motions, especially recently defeated motions. More information could be provided, if needed.	Vote in May
