Doctor Mitchell:

We've been working with a similar facility in Macon for years. The Doctor in charge has this to say," Thanks for your kind comments about our alcohol seminars. I believe they make a difference because of the help we get from you and the other volunteers, and I am very grateful. There is no way we could do this work without you." I'm sure that Doctor Seale would be more than happy to talk to you and discuss some concerns that would be impossible for me to address. His contact information is as follows:
