Join us as we look at Part 2 of the General Service Conference, picking up right where we left off. We'll start by covering the most important years of the "Trial Run" - Panel 2, 1952 - the first 'Full Slate' of state elected delegates (Including Georgia's first woman delegate). During this "Trial Run" period, we'll highlight the start of so many of our practices, some with us to this very day. Ultimately ending at the 1955 in St Louis - the most important meeting of our fellowship - "The Three Legacies" and we as members of AA become the Permanent Successors to the Co-founders of AA, plus a whole lot more.
